

## CONSULTANCY SOLUTIONS

### Mergers and acquisitions services

#### Opportunity favours the prepared mind

Ascend has a proven track record in assisting companies who are looking to expand their business and achieve clarity on the financial position of possible targets. We help companies plan and identify the right conditions for integration.

Inevitably, mergers and acquisitions mean change. Ascend's international team has experience in supporting major change programmes and structuring individual projects to successfully deliver new business practices..

#### How Ascend can help your business

Our experienced team will help you create value through acquisition. We advise companies on where and when to invest and develop successful strategies for growth.

We understand that business acquisitions require identifying and unlocking hidden nuggets of value that are often deeply embedded within a business. Ascend will help you maximise the benefits of your new acquisitions with expert recommendations for realising opportunities.
